

R410A, R22, R404A ALUMINUM 4-WAY MANIFOLD

- Solid extruded aluminum body.
- Stainless steel ball valve design controls flow smoothly and quickly with only a quarter turn.
- Extra large sight glass for visual refrigerant check.
- Silicone dampened gauges smooth out needle movement.
- Gauges can easily recalibrate in the field to maintain accuracy.
- Models available for various types of refrigerants.
- Includes 3 - 1/4" SAE B-R-Y hoses with B/Valves and one 3/8" SAE Black vacuum hose

[INSTRUCTIONS \(pdf\)](#)

- R410A, R22 & R404A

HOSE LENGTH	2 1/2" GAUGES	3 1/8" GAUGES
36"	96236	96336
60"	96261	96361
72"	96272	96372

To order manifolds with shock-resistant gauge protectors, simply place a "-G" after the part number.

4-WAY MANIFOLDS WITH GAUGES ONLY
